One Click LCA acquires Buildrz: a leading proptech gen AI platform

Press Release

One Click LCA in a nutshell for the manufacturing industry

One Click LCA connects manufacturers with their customers

Single, integrated platform for the entire value chain

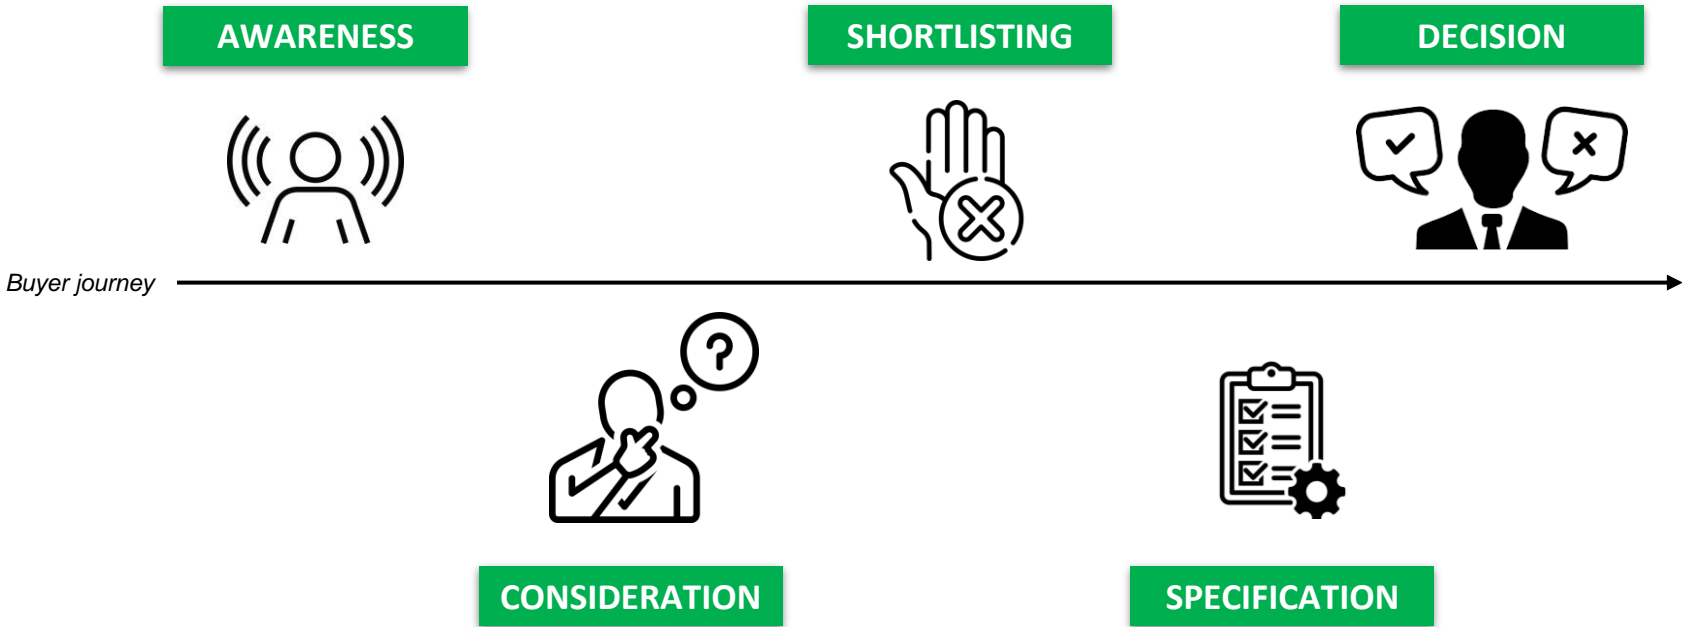

Global manufacturing leaders we serve

Global construction leaders we serve

We help you to reach the buyers to win by prescription, not price

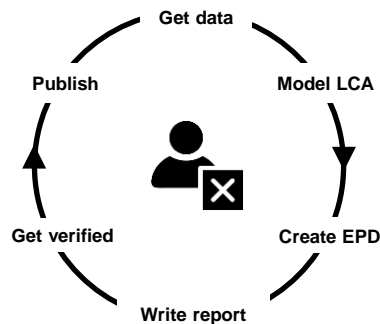

We make EPDs faster, easier & scalable with robust automation

Our tools and process help newcomers create their first EPDs in weeks

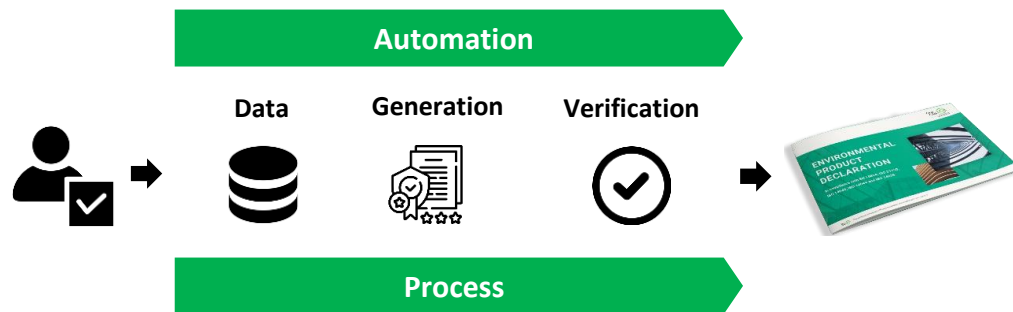

EPDS ARE COMPLEX

Creating an EPD costs \$15,000 & takes months¹

WE MAKE THEM EASIER, FASTER AND SCALABLE

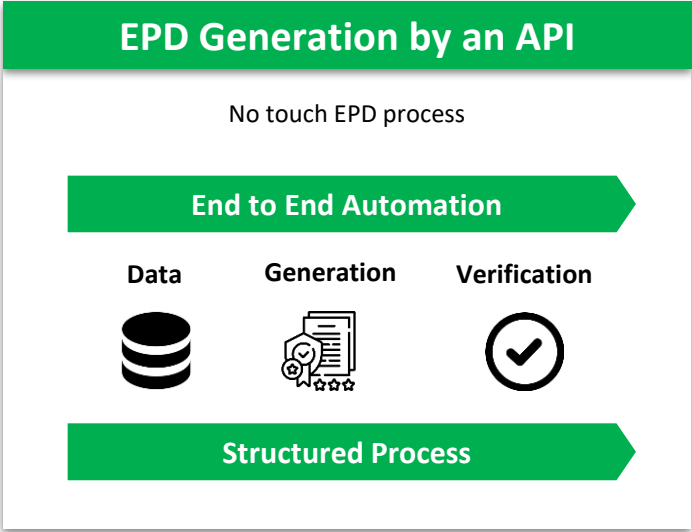

Create compliant, third-party verified EPDs in a fraction of the time and cost

1) Source: International survey of the costs of assessment for EPDs

EPDs through API – where allowed by the EPD program

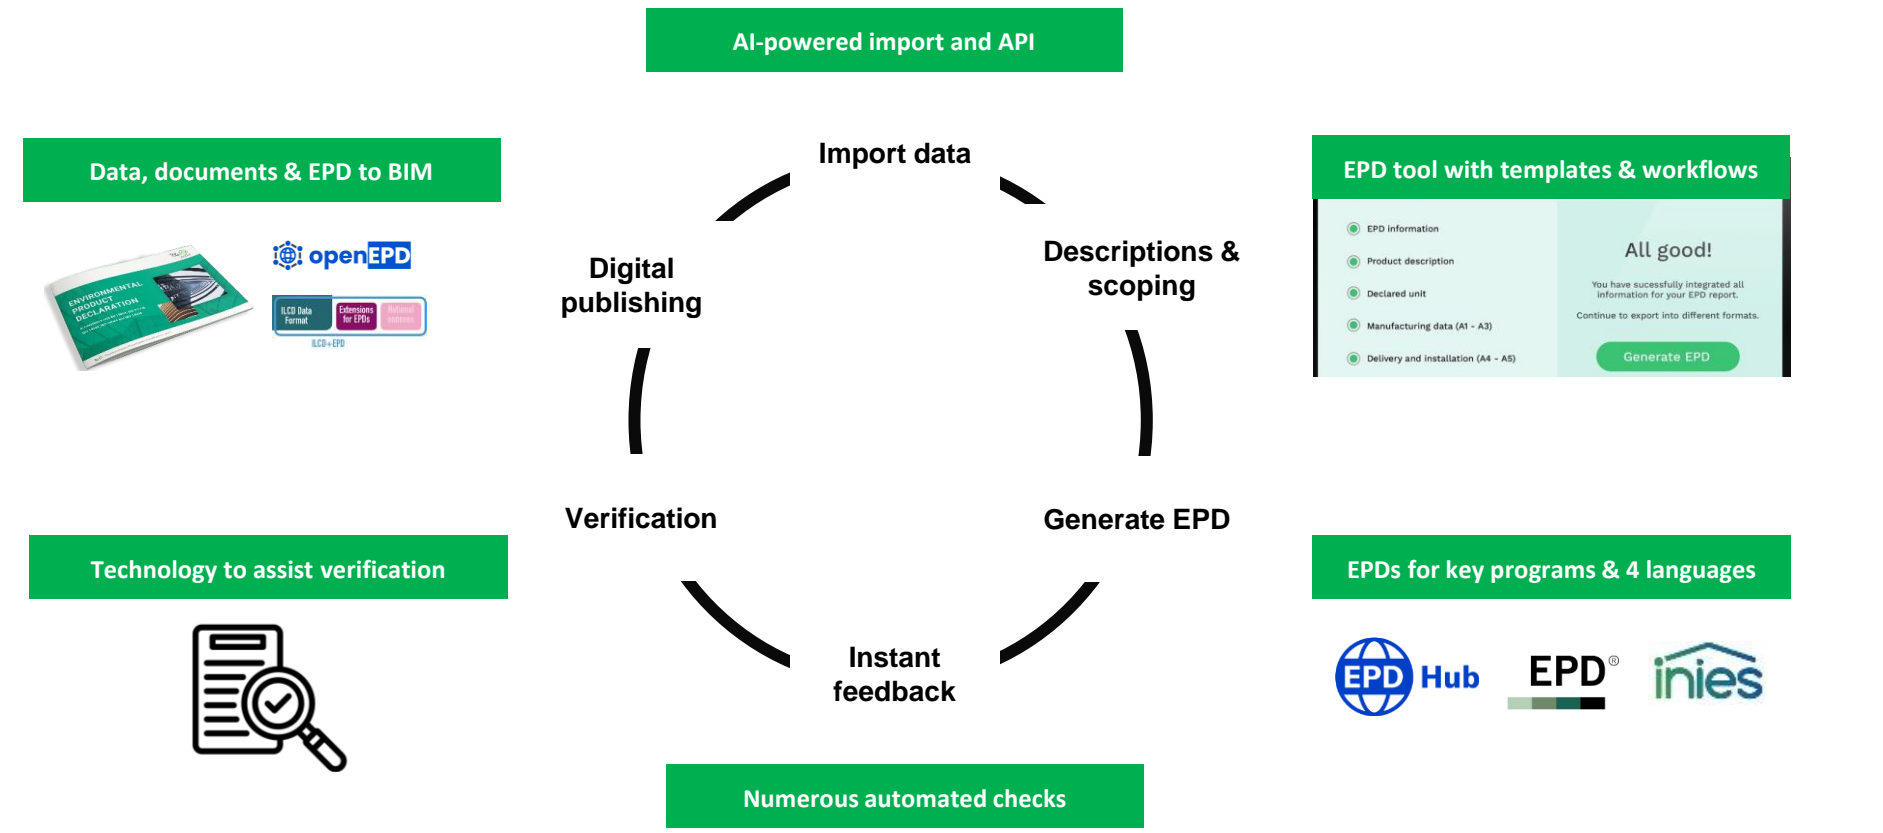

Client data

EPD or project EPD

End to end automation for EPD process

Unique global data and tools to get job done, from A to Z

ALL DATA GLOBALLY

All the worlds EPDs curated & lots of industry data

GLOBAL COMPLIANCE

For construction & manufacturing LCA & EPD

AUTOMATED & INTEGRATED

20+ integrations, ready to go reporting & analysis

REACH YOUR BUYERS

Reach construction projects from earliest phases

Pre-project > Concept > Design > Construct

EASY TO USE & LEARN

Intuitive software with great support & training¹

Overall	★★★★☆	4.6
Ease of Use	★★★★☆	4.5
Customer Service	★★★★★	4.9

AUTOMATED EPD PROCESS

Seamless process to get EPDs fast and reliably

Kickoff > Data > Create > Publish

1) Source: Capterra.

Integrated to all the major BIM platforms

OUT OF THE BOX INTEGRATIONS

Bentley®

grasshopper

AUTODESK
REVIT

ALLPLAN

DesignBuilder

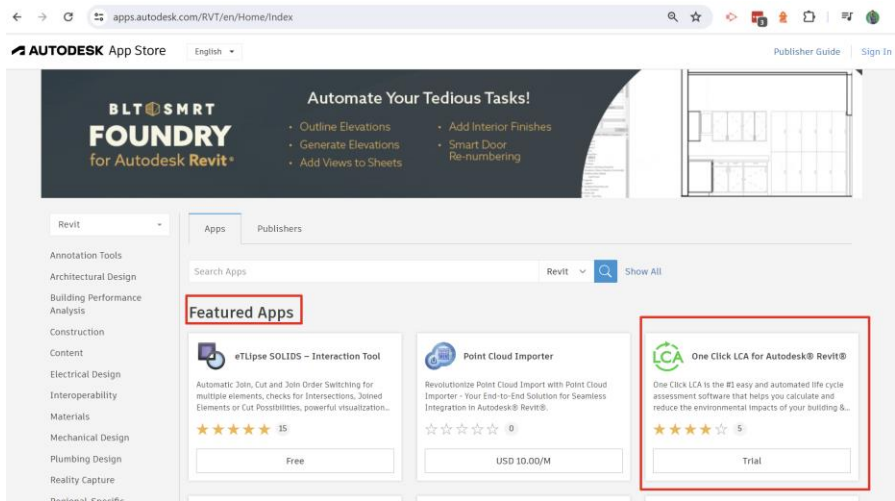

AUTODESK®
CIVIL 3D®

RhinoCeros®

AUTODESK Construction Cloud

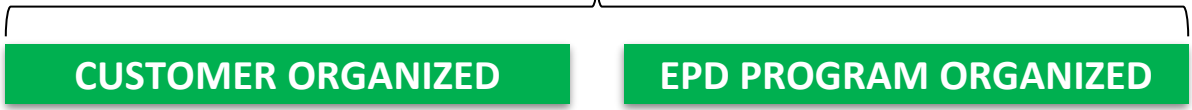

Various EPD verification processes, as provided by the programs

PRE-VERIFIED TOOLS

SYSTEM / END TO END VERIFIED TOOLS

CUSTOMER ORGANIZED

Verifier is hired by the manufacturer.
Read-only access is given for the verifier

EPD PROGRAM ORGANIZED

The EPD program appoints the verifier.
All information is transmitted 100 % digitally.

INSTANT & AUTOMATED

Process is completely automated, using verification
in advance and automated and human controls.
